

EDUCATION	EAFIT University	Medellín, Colombia
	<i>Master of Science in Economics, full-scholarship, GPA 4.43/5</i> 2020 - 2021 - Completed coursework in Consumer and Producer Decisions, Game Theory, Machine Learning, Growth and Consumption Models, DSGE and CGE Modeling, Advanced Econometrics, and Time-Series Analysis. - Conducted graduate research on the economic impacts of environmental policies in the Colombian power sector using a CGE model.	
	Escuela Superior Politecnica del Litoral (ESPOL University)	Guayaquil, Ecuador
	<i>BSc. in Economics, GPA 8.08/10</i> 2015 - 2020 - Developed an undergraduate thesis estimating the production function of Ecuador's cocoa sector to analyze marginal cost. - Served as a student representative on the university's disciplinary committee.	
RESEARCH INTERESTS	Applied Microeconomics, Energy and Environmental Economics, Agricultural Economics, Social and Economic Networks.	
RESEARCH & POLICY EXPERIENCE	Banco de Desarrollo del Ecuador (BDE)	Quito, Ecuador
	<i>Director of Technical Assistance Development</i>	04/2025 - present
	- Design diagnostic and monitoring methodologies to assess the financial and institutional performance of the Bank's clients. - Develop policies and technical instruments to strengthen the institutional capacities of local governments (GADs) and their public enterprises.	
	Inter-American Development Bank	Quito, Ecuador
	<i>Consultant</i>	07/2024 - 03/2025
	- Developed an economic valuation model for conservation commitments under the Amazon Debt Swap, integrating environmental and economic trade-offs. - Conducted quantitative research on financial mechanisms for sustainable conservation funding, contributing to policy recommendations.	
	Ministry of Economy and Finance	Quito, Ecuador
	<i>National Director of Real Sector Policies</i>	11/2022 - 12/2023
	- Assessed the macroeconomic and sectoral implications of implementing <i>Climate Budget Tagging</i> and the <i>Sovereign Green Bond Framework</i>, using CGE models to estimate their fiscal and economic impacts. - Conducted research on economic trends, focusing on the agricultural sector, labor markets, and environmental policy. - Evaluated the economic outcomes of the Hermandad Marine Reserve's Debt-for-Nature Swap, contributing to policy design for sustainable financing.	
	Social Registry Unit	Quito, Ecuador
	<i>General Technical Coordinator</i>	03/2022 - 10/2022
	- Applied machine learning algorithms to improve social policy targeting and update key Social Registry indicators. - Performed impact evaluations of cash transfer programs using econometric models and quasi-experimental methods.	
	Social Registry Unit	Quito, Ecuador
	<i>Advisor to the Executive Board</i>	09/2021 - 03/2022
	- Developed strategies for social policy research projects, ensuring methodological rigor and policy relevance. - Coordinated interdisciplinary activities to enhance collaboration between technical teams and decision-makers.	

TEACHING & INSTRUCTION	EAFIT University	Medellín, Colombia
	<i>Lecturer - Internship</i>	03/2021 - 06/2021
	- Designed and delivered undergraduate lectures in General Macroeconomics, incorporating interactive case studies and real-world policy applications, primary based on <i>Macroeconomics</i> by Startz, Dornbusch, and Fische. - Developed structured assessments to measure student analytical skills in Monetary and Fiscal Policy, Balance of Payments, and Aggregate Demand and Supply.	
	EAFIT University	Medellín, Colombia
	<i>Teaching Assistant</i>	05/2021 - 06/2021
	Provided advanced tutoring for graduate students in Advanced Microeconomics I, assisting them in solving complex theoretical problems using <i>Microeconomic Theory</i> by Mas-Colell, Whinston, and Green, and <i>Advanced Microeconomic Theory</i> by Jehle and Reny.	
RESEARCH EXPERIENCE	EAFIT University	Medellín, Colombia
	<i>Research Assistant</i>	02/2020 - 07/2021
	- Collaborated with Prof. Álvaro Hurtado, PhD, and Prof. Jesús Botero, PhD, in developing CGE and DSGE models to evaluate the environmental and macroeconomic impacts of carbon taxation and energy transitions in Colombia. - Participated in the Coyuntura Research Group, collaborating with professors and students to produce economic analyses and policy briefs.	
	Escuela Superior Politecnica del Litoral (ESPOL University)	Guayaquil, Ecuador
	<i>Research Assistant</i>	05/2019 - 01/2020
	- Collected and analyzed Ecuadorian agricultural data from the ESPAC survey for Prof. Leonardo Sánchez-Aragón, PhD, contributing to a research proposal on the spread of Fusarium RT4 in banana farming networks. - Assisted in building a database of 5,000+ economic research articles (2000-2019), contributing to the publication "Abstract Readability: Evidence from Top-5 Economics Journals" (<i>Economics Letters</i>).	
CHAPTER IN BOOKS	<i>Macroeconomía en los tiempos del Covid-19: un análisis de equilibrio dinámico estocástico para Colombia</i>. Chapter 2 of <i>Covid-19 consecuencias y desafíos en la economía colombiana. Una mirada desde las universidades</i>. Coauthored with Prof. Jesús Botero, Matheo Arellano, MSc, and Diego Montañez, MSc. (Spanish) 2022.	
CONFERENCES	<i>Economic Impacts of Environmental Policies and Electricity Generation</i>. Presented at "26th Annual Conference on Global Economic Analysis (Bordeaux, France)". Purdue University, West Lafayette. Global Trade Analysis Project (GTAP). Coauthored with Prof. Jesús Botero and Prof. Alvaro Hurtado, PhD. 2023 <i>Towards a low-emissions economy: The role of abatement targets and carbon taxes</i>. Presented at "The 24th Annual Conference on Global Economic Analysis (Virtual Conference)". Purdue University, West Lafayette. Global Trade Analysis Project (GTAP). Coauthored with Prof. Jesús Botero and Prof. Alvaro Hurtado 2021
